Education

B.Sc. in Software Engineering
Metropolitan University

CGPA: 3.86/4.00 (Up to 7th Semester)
Expected Graduation: December 2026

Skills

- **Programming Languages:** JavaScript, C, C++
- **Frontend:** HTML5, CSS3, Tailwind CSS, React.js, Next.js (Basics)
- **Tools:** Git, GitHub, VS Code, Figma

Projects

Book-Vibe

GitHub

Technologies: React, Vite, Tailwind CSS, DaisyUI, React Router, Context API

- Built a responsive web application for discovering and exploring books with detailed views, filtering, and dynamic routing using React Router.
- Implemented state management with Context API and designed a modern, cross-device UI using Tailwind CSS and DaisyUI.
- Optimized performance using Vite to ensure fast load times and a smooth user experience.

DigiTools

GitHub

Technologies: React, Vite, Tailwind CSS, DaisyUI, JavaScript (ES6+)

- Developed an all-in-one platform for digital tools and resources with product browsing and cart functionality.
- Implemented dynamic cart management (add/remove items) with real-time updates using React state handling.
- Designed a fully responsive UI using Tailwind CSS and DaisyUI to ensure seamless experience across devices.

Problem Solving Activities

- Solved 500+ problems on Data Structures and Algorithms across multiple platforms and participated in 60+ online coding contests.
- Codeforces: Maximum rating of 1073.

Volunteer & Leadership Experience

Coordinator of Volunteers

SWE Innovators Forum

Jan 2024 – Dec 2024

- Led and managed volunteers for organizing technical and community events.
- Coordinated with department to execute programs successfully.
- Recognized for leadership and contribution to student engagement.

Programming Mentor

SWE Innovators Forum

Aug 2023 – Sep 2023

- Conducted workshops focused on C programming fundamentals.
- Guided students in problem-solving and logical thinking.
- Provided hands-on mentorship to improve coding skills.
